Ten Principles of Burning Man

Radical Inclusion

Anyone may be a part of Burning Man. We welcome and respect the stranger. No prerequisites exist for participation in our community.

Gifting

Burning Man is devoted to acts of gift giving. The value of a gift is unconditional. Gifting does not contemplate a return or an exchange for something of equal value.

Decommodification

In order to preserve the spirit of gifting, our community seeks to create social environments that are unmediated by commercial sponsorships, transactions, or advertising. We stand ready to protect our culture from such exploitation. We resist the substitution of consumption for participatory experience.

Radical Self-reliance

Burning Man encourages the individual to discover, exercise and rely on his or her inner resources.

Radical Self-expression

Radical self-expression arises from the unique gifts of the individual. No one other than the individual or a collaborating group can determine its content. It is offered as a gift to others. In this spirit, the giver should respect the rights and liberties of the recipient.

Communal Effort

Our community values creative cooperation and collaboration. We strive to produce, promote and protect social networks, public spaces, works of art, and methods of communication that support such interaction.

Civic Responsibility

We value civil society. Community members who organize events should assume responsibility for public welfare and endeavor to communicate civic responsibilities to participants. They must also assume responsibility for conducting events in accordance with local, state and federal laws.

Leave No Trace

Our community respects the environment. We are committed to leaving no physical trace of our activities wherever we gather. We clean up after ourselves and endeavor, whenever possible, to leave such places in a better state than when we found them.

Participation

Our community is committed to a radically participatory ethic. We believe that transformative change, whether in the individual or in society, can occur only through the medium of deeply personal participation. We achieve being through doing. Everyone is invited to work. Everyone is invited to play. We make the world real through actions that open the heart.

Immediacy

Immediate experience is, in many ways, the most important touchstone of value in our culture. We seek to overcome barriers that stand between us and a recognition of our inner selves, the reality of those around us, participation in society, and contact with a natural world exceeding human powers. No idea can substitute for this experience.

About Element 11

We began as one of the very first official Burning Man Regional Festivals in the world. Since then we have evolved into a dynamic, year-round, active community whose mission is to ignite a sustainable culture of creativity and self-expression!

To support our mission, our community has formed a 100% volunteer supported 501(c)3 Non-Profit Organization known as Element 11, the same name as our annual festival. We are committed to not only producing a world-class festival the second weekend of July, we are also committed to creating year-round fund raising opportunities, community training programs, social events and service projects. All designed to support and inspire our community of artists and to make a positive difference in the world.

The Board of Directors and community leaders are committed to continue to support the evolution of the Utah Burning Man community of artists. We see art in all forms, in all ways, in all people and in life itself. We provide a canvas for our community near and far to come together. To play, dance, evolve, create & ignite!

We invite you to stay connected with our community. Visit www.element11.org for info, videos, photos, Facebook links & references.

2014

Into the Wild

Let the wild rumpus begin! A throwback to simpler times, coupled with the wild creativity of the now — keep the electric and the lasers, add back the acoustic, the tribal and the artistic.

This year, to support our "Into the Wild!" theme, Element 11 held an art contest to find the art that was representative of our theme. As mentioned in the early March issue of the Salt Shaker, we selected two amazing "Into The Wild" pieces — one by Jared Gallardo for our ticket art and one by Alex Suzuki for our What Where When cover art & festival entrance sign.

Let's get WILD!

Effigys, Temples & Burns, oh my!

Labyrinth Infinitum:

Roy Dean Quada - Come get lost in Infinity & meditate on the idea of the perpetual Labrynth. Being a participant in this however comes with a stern warning...it will leave a burning imprint in your mind, and on your soul. This legacy piece from 2013 will go burn to the ground on Friday night.

Meet Sparky:

Inspired by the book "Where the Wild Things Are". Sparky has a room between his legs and a stairway up to his belly where you will have a great view of our salty Playa. If you dare to get wild, there is another ladder that will take you up to Sparky's head where you will be standing over 24' high. The Effigy was built by our beloved builder Bobby Gittins whom has been building for Element 11 for a decade as well as by Nicholas Posselli, with help from the community. Make sure you spend a little time getting to know Sparky as he will going up in flames Saturday night at 11:11 PM.

Juggalo Bar:

Join us for our 7th consecutive Effigy burn at Element 11. A large pyramid shaped structure with a 18' tall Lotus Pod. Goes up in flames Saturday after the effigy burn!

Eye of the Vortex Temple:

Since there is no center of the Universe at which to point the eye, we've decided to point it at the North Star, so that the sky will rotate around the view afforded to those standing within. Numerologically there are many powerful numbers designed into this creation. The circumference of the base is 88 feet, or 22 four-foot sections, with eleven on each side so that it creates an 11-11 gateway. There are many more built in, that we encourage those, who wish, to discover for themselves. Join the burn ceremony at sunrise on Sunday!

1 "Sacred Grove" or "Acoustic Forest" is a circle of living Ponderosa Pines with a central fire pit and logs to sit on by the fire. It is a representation of going into the forest "Into the Wild". This has some local reference to our local dominant religious belief of a "Sacred Grove" where the "Prophet/Profit" was visited by celestial beings. This installation will be set away from the sound camps and is designed to be more subdued, and more reflective of the original sense of "wild". Times will be set for acoustic performances as well other relevant events, such as Solar Cooking, Rocket Stoves, Simple Grow Boxes. After the event the trees will be planted, and "the grove" will last for at least another 150 years.

2 The Sonic Souk Legacy Burn The inside of the Coontie Pod will be lit with nine 10-watt color changing RGB LED floodlight fixtures. The tent will be lit with LED light strands. The sonic sculptures and the silks rigs will be delineated with weatherproof LED rope lights on the ground. All of these lights will be run on a single solar power array.

3 The Juggalo Bar Come join us for a drink and some music as we melt the sand beneath our feet with fresh beats and booty-shaking bass all night long!

4 Tree of Light The tree is a symbol of life, family, roots, and growth. Light is a symbol of cosmic energy, creative force, & the source of vision. Join us at the Tree of Light, a shady oasis during the day, an interactive beacon on the playa at night.

5 Wizard's Clue Come play life size clue at sunrise. Music, Giant Dice, Cards, Costumes & Props. The ultimate who dunnit!

6 Flame Cannon There will be fireballs reaching about 25 feet in the air with a heat wave, booming sound and a tangible pressure shock.

7 The Jellyfish 12000 invites you to come explore the aquatic alien underground we call home. Our otherworldly time-traveling family of mutant vessels consists of The Amazing Jellyfish From The Year 12000, Spider Jelly and Jelly Roll.

8 The Cryptster Casino - Debuting in 2012, the Cryptster Casino has become a staple for some of the zaniest antics seen at Element 11, and now its gone mobile! Be prepared for random theatrics, shenanigans, and live music rolling right to your door!

9 The Frigid Bitch Join us at The Frigid Bitch for a daring game of truth or dare. Spin one of two wheels for a naughty or nice challenge. Your prize will be a delicious grown up snow cone with lots of flavors to choose from. Open daily from the hours 2-5 pm BYOC

10 The Event Horizon Below the platform of The Event Horizon, water extrudes in a conical veil, leading up into the vortex above!

11 Ascension Temple A sacred space, designed as a bedouin temple, for community to use for yoga, meditation and reflection, low-key music performances, meeting and communing with others, and impromptu and scheduled events.

12 Shadow Play Experience stories in shadow and light, from the whimsical to the erotic. Spectate, or try your hand at shadow puppets!

13 Laserium Laser Dome Enjoy classic Hansen Planetary style laser shows like Pink Floyd, Zeppelin, U2, Metallica, Beatles, and more, all night long, all three nights. See the show schedule for more details.

El Loves Our Volunteers!

Element 11 is a festival of Participation. That means getting involved and contributing something to the larger experience. Everything to create and support Element 11 2014: Into the Wild has been done by volunteers. In fact, nearly one in three attendees at this year's festival is a registered volunteer. Thousands of cumulative volunteer hours have gone into preparing for YOUR arrival. Welcome! The Gate/Box Office/Greeters that welcomed you; the Rangers and Emergency Services that help keep you safe; the Elemental Public Works and effigy builders that built what you see around you; the Board of Directors who work year-round to facilitate these community events; are all volunteers that often make personal sacrifices for this experiment to happen.

Volunteers are easy to notice—they have laminates, sometimes t-shirts, and they're the ones who are working. Please thank them often for supporting your burn experience at Element 11. The 9th Circle Volunteer Lounge is volunteering central. If you're having a great time or want to get involved, please consider stopping by! We happily accept donations of hugs, snacks, shoulder rubs, meals, and beverages.

Please join us on Thursday, 9:00 pm at the Lounge as we celebrate all this hard work with a Volunteer Appreciation Bar Crawl. The Pineapple Camp, Juggalo Bar, Crypsters, and Bat Country are generously hosting stops along this crawl. Volunteers with laminates will receive free drinks and first-class treatment! Help us thank these generous Theme Camps by contributing bar donations at the Lounge. Suggestions are Vodka, Rum, Whiskey, Tequila, wine and beer, and mixers of all kinds. Contributions will then be distributed to these generous camps to help keep the party going. Remember if it weren't for a volunteer, E11 wouldn't be here. THREE CHEERS FOR VOLUNTEERS!

Guidelines for Erotic Discourse:

Element 11 is a sex positive environment. In order to have a safe environment for everyone here at Element 11, the following is advised:

- #1 Always ask before touching, even if you know them! It's polite, it's good manners, it will earn their respect.
- #2 Obtain consent! Consent requires people who are of legal age, are properly informed, are not under coercion, and are not incapacitated. Consent may be withdrawn at any time, and No means NO! Really!
- #3 Respect your partner's desires and boundaries. How do you find them out? ASK! Also, know your own desires and boundaries. Remember to discuss safer sex issues!
- #4 Do not have sex with a person who is intoxicated or under the influence. Not only is it technically against the law, but it is potentially very hurtful to that person. And what fun is that?
- #5 If you hear of or see anyone in trouble, step in and ask if they need help. We take care of each other! In addition, consider buddying up when you go out for the evening. Guys watch out for the women, and vice versa! We do not want any of our family members assaulted this year.
- #6 If someone does get assaulted or feels threatened in any way, get them to a safe place and get help. The Sanctuary Space and EMS are available 24/7. You can take them there directly or call the 911 EMS/Ranger Contact (385) 226-5597.

Leave no Trace

What is "MOOP"?

MOOP is Matter Out Of Place. It's any trash or debris that doesn't belong in the landscape—from a beverage bottle or a broken zip-tie to a feather, sequin or pistachio shell. Also screws and wood debris from art projects, and food waste around your camp. For Element 11, you packed it in your car to get it to the event, so you also need to take it home with you. We believe that Leave No Trace is a personal commitment that is possible to achieve, which is why we have no trash cans or dumpsters available during the event. So plan ahead—minimize the amount of trash you will generate (see Item #3), and be sure to leave some space in your rig to carry your trash home.

1. Plan and Prepare.

Bring plenty of trash bags and make sure you have room to pack out your trash. Pack it in...pack it out

2. Reduce Your Packaging.

Bringing less in means having less to bring out. Leave unnecessary packaging at home. Food items are a likely target with their many layers of plastic and cardboard, but also consider the toys and camping gear that you're bringing. Unpacking them before you get home will spare you the hassle of bringing back styrofoam packing and shrinkwrap. Choose cans over bottles, and reusable containers over both.

3. Rethink Your Food Portions.

Prepare food in sensible quantities that your group can finish at a single sitting -- leftovers will quickly become a liability. Also, many people eat less at a festival than they do normally (so many other fun things to do!). Coordinate with your campmates as far as what you're bringing so that you minimize your group's waste. If you've found yourself with a giant pot of chili and not enough campmates, invite the neighbors over rather than creating a wet, heavy bag that has to be packed into someone's trunk.

4. MOOP Sweeps.

First off, if you "don't let it hit the ground", you won't have to pick it up. Get in the habit of looking around your camp for things that are poised to blow away. Take a minute once a day to do a moop sweep through your camp. As you're packing out your camp, have campmates walk repeatedly around your site picking up anything and everything that's not part of the playa.

5. Do Not Use the Playa as Your Toilet.

It's unacceptable, unsanitary, and just plain gross the morning after.

6. Do Not Use the Playa as Your Ash Tray, Either

Not as unsanitary, but just as unacceptable and gross. If you smoke, field strip your butts and put them in your pocket, or in a container (like a mint tin).

7. Don't use the porta potties as a Trash Can.

If it doesn't come out of your body, don't put it in the potty. Period. If you want to put a wet wipe in the porta potty, make sure you eat it first (so it will come out of your body). Otherwise, carry a zip-lock baggie with you and put it in the trash when you get back to your camp.

8. Be Aware of Very Small Items.

Aka "Micro MOOP". Spread a tarp under your kitchen area, which is where most of this comes from. No Trace really does mean no trace.

9. Don't Rush Your Pack-Up.

Don't stress to hurry home on Sunday. Recognize that long-term exposure to the playa will fatigue your body and impair decision powers. Also, when under pressure, we are all likely to make rushed decisions and leave MOOP behind.

10. Secure Your Trash for the Ride Home.

Once you've taken the time to Leave No Trace on the playa, don't undo your good work by scattering your trash (or other belongings) all over the road on the way home. Leave some space in your vehicle or trailer to nestle the trash down out of the wind; or if you are placing it (or anything else) on top of your vehicle, tie it down securely—you don't want your trash, camping gear, or art piece to become "insta-MOOP" by hitting the side of the road at 65 mph!
