

# ELEMENT E11EVEN 2015

## UNDER THE STARS

WHAT | WHERE | WHEN

## WELCOME TO STARGAZER RANCH

### Welcome Home!

You made it! That left turn after Snowville, the 14 miles of gravel roads, that right turn that you nearly missed, the long lines at the gate, and now what? Greeters! Then, find your camp on the map on the back of this handy WhatWhereWhen guide, set up your [expletive] and get to doing what you do best, be you!

Element 11 is a sanctioned, regional Burning Man event. Our mission is to ignite a culture of creativity and self-expression. This annual arts festival is a blank canvas by which artists, musicians, sculptors and performers come to build big art, perform, dance, play, and camp over a 4 day event. Be sure to read your Survival Guide along with this booklet to get acquainted with the art installations, theme camps, and amazing schedule of performances, workshops, festivities, and more! Element 11 granted out nearly \$25,000 to art projects this year, the most we've ever seen on our playa! Meet the artists, tell them how amazing their big shiny glowy burny spinning thing is, and engage yourself in the magic that is Element 11.

This being our first year at Stargazer Ranch, there are surely things that will need to be noted and considered as we grow into our festival. Be sure to visit our website, [www.element11.org](http://www.element11.org) after you return home for updates, photos, videos and volunteer opportunities for next year. Defer to your Survival Guide for tips on surviving the harsh desert conditions. Drink water! And finally, be sure and thank our volunteers as well as Stargazer Ranch for all the hard work they have put into laying the groundwork for our first year on this beautiful land!

### Element 11 Loves Our Volunteers!

Blah Blah Blah we love em, here's your damn shirt. Stop by the Volunteer Lounge at Center Camp for a hot coffee or cold Otter Pop. Breakfast and dinner will be served daily for hard working volunteers.

### Consent is Sexy

No means no. It needs no further explanation, but if you'd like to learn more about consent, stop by the School of Safe Sex for a quick education on how to be a kind, gentle, noble human being who respects others and themselves. Remember, crickets are not consent!

Theme Art: Nick Franchi Photography: Stan Clawson, Design: David Born, Barbarella, Crystal Walker  
E11 Board: Jeff Reese, Joe Russo, Cathi Kennedy, Cassie Plant, Kari Larson, David Born, Stan Clawson, Collin Turner, J Wilford Neville, Sara Tiger, JP Bernier, Allen Hovey, Michelle Davis, Martin Gassner

"I'm floating in space, I still see stars, stars above me, below me, side to side: It doesn't matter where you are, where you have gone or what you have done, the stars are always there! Twinkling, shimmering, putting on a show, giving you hope that one day humanity will shine as far and long as those stars will go. One day we will all leave, it may be too fast, it may be too slow, so buckle up your belts, tie your shoes, brush your teeth it's never too late!

And always remember, you will find your way home... Under the Stars"

~ Nick Franchi, Element 11 2015 Theme Artist

## BURNING MAN'S TEN PRINCIPLES

### Radical Inclusion

Anyone may be a part of Burning Man. We welcome and respect the stranger. No prerequisites exist for participation in our community.

### Gifting

Burning Man is devoted to acts of gift giving. The value of a gift is unconditional. Gifting does not contemplate a return or an exchange for something of equal value.

### Decommodification

In order to preserve the spirit of gifting, our community seeks to create social environments that are unmediated by commercial sponsorships, transactions, or advertising. We stand ready to protect our culture from such exploitation. We resist the substitution of consumption for participatory experience.

### Radical Self-reliance

Burning Man encourages the individual to discover, exercise and rely on his or her inner resources.

### Radical Self-expression

Radical self-expression arises from the unique gifts of the individual. No one other than the individual or a collaborating group can determine its content. It is offered as a gift to others. In this spirit, the giver should respect the rights and liberties of the recipient.

### Communal Effort

Our community values creative cooperation and collaboration. We strive to produce, promote and protect social networks, public spaces, works of art, and methods of communication that support such interaction.

### Civic Responsibility

We value civil society. Community members who organize events should assume responsibility for public welfare and endeavor to communicate civic responsibilities to participants. They must also assume responsibility for conducting events in accordance with local, state and federal laws.

### Leaving No Trace

Our community respects the environment. We are committed to leaving no physical trace of our activities wherever we gather. We clean up after ourselves and endeavor, whenever possible, to leave such places in a better state than when we found them.

### Participation

Our community is committed to a radically participatory ethic. We believe that transformative change, whether in the individual or in society, can occur only through the medium of deeply personal participation. We achieve being through doing. Everyone is invited to work. Everyone is invited to play. We make the world real through actions that open the heart.

### Immediacy

Immediate experience is, in many ways, the most important touchstone of value in our culture. We seek to overcome barriers that stand between us and a recognition of our inner selves, the reality of those around us, participation in society, and contact with a natural world exceeding human powers. No idea can substitute for this experience.

E11 Rangers are available to help participants with a variety of questions or concerns and emergencies throughout the festival. If you need assistance, you can call Rangers at (385) 225-5597
