WHAT WHERE WHEN

ELEMENT 11

STARGAZER RANCH

PARK VALLEY, UTAH

JULY 13-17, 2016

Welcome to Element 11!

You made it! The turn after Snowville, the 14 miles of gravel roads, that right turn that you nearly missed, the long lines at the gate, the bubbly greeters. Now, go find your home on the map on the back of this guide, set up your [expletive] camp and get to participatin'!

Element 11 is a sanctioned, regional Burning Man event. Our mission is to ignite a culture of creativity and self-expression. This annual arts festival is a blank canvas where artists, musicians, sculptors and performers come to create, perform, play, and camp over a 5 day event. Be sure to read your Survival Guide along with this booklet to get acquainted with the art installations, theme camps, and amazing schedule of performances, workshops, festivities, and more! Element 11 granted out over \$30,000 to art projects this year, the most we've ever seen on our playa!

Bein' our second year at Stargazer Ranch, there are still things that need to be considered as we grow. Visit Element11.org when you return home for updates, photos, videos and volunteer opportunities. Defer to your Survival Guide for tips on survivin' the harsh desert conditions. Drink water! Finally, be sure and thank our volunteers as for all the hard work they have put into buildin' the city, keepin' us safe, and feedin' us with tender lovin' care!

What is Element 11?

Element 11 is a 5 day, 4 night arts event that ignites a culture of creativity and self-expression, and incorporates principles such as self-reliance and civic responsibility. This is not a party, concert, or even a festival like you may have attended before, but rather a radical celebration of shared values, art, and effort for the good of all.

Element 11 is not your usual festival. In fact, it's more of a temporary city. Our city is home to over a thousand participants who camp by themselves, or in camps centered on a particular theme. Our city is marked by the prevalence of art of all kinds. Examples of art you may find in your travels include static art installations, movable art (art cars), performances, workshops, and service projects. Live music and performance art abounds as well, especially as the sun sets and the fun gets started; DJ's, musicians, and dancing keep us on our toes into the night.

This guide includes safety information and policies, schedule of events, art and theme camps, as well as helpful suggestions from members of the community.

**Neither Burning Man nor Black Rock City LLC is a producer or organizer of the event, and Burning Man Black Rock City LLC accept no liability arising out of or in connection with the event.*

Burning Man's Ten Principles

Radical Inclusion Anyone may be a part of Burning Man. We welcome and respect the stranger. No prerequisites exist for participation in our community.

Gifting Burning Man is devoted to acts of gift giving. The value of a gift is unconditional. Gifting does not contemplate a return or an exchange for something of equal value

DecommodificationInordertopreservethespiritofgifting,our community seeks to create social environments that are unmediated by commercial sponsorships, transactions, or advertising. We stand ready to protect our culture from such exploitation. We resist the substitution of consumption for participatory experience

Radical Self-reliance Burning Man encourages the individual to discover, exercise and rely on his or her inner resources.

Radical Self-expression Radical self-expression arises from the unique gifts of the individual. No one other than the individual or a collaborating group can determine its content. It is offered as a gift to others. In this spirit, the giver should respect the rights and liberties of the recipient.

Communal Effort Our community values creative cooperation and collaboration. We strive to produce, promote and protect social networks, public spaces, works of art, and methods of communication that support such interaction.

Civic Responsibility We value civil society. Community members who organize events should assume responsibility for public welfare and endeavor to communicate civic responsibilities to participants. They must also assume responsibility for conducting events in accordance with local, state and federal laws.

Leaving No Trace Our community respects the environment. We are committed to leaving no physical trace of our activities wherever we gather. We clean up after ourselves and endeavor, whenever possible, to leave such places in a better state than when we found them.

Participation Our community is committed to a radically participatory ethic. We believe that transformative change, whether in the individual or in society, can occur only through the medium of deeply personal participation. We achieve being through doing. Everyone is invited to work. Everyone is invited to play. We make the world real through actions that open the heart.

Immediacy Immediate experience is, in many ways, the most important touchstone of value in our culture. We seek to overcome barriers that stand between us and a recognition of our inner selves, the reality of those around us, participation in society, and contact with a natural world exceeding human powers. No idea can substitute for this experience.

Jackalope Rodeo

Your headlights peer through the dust on the road to Stargazer as hundreds of motionless tiny eyes glow back. Climbing out of your car to investigate, your ears perk to the sound of guitar, fiddle, and mandolin plucking a merry jig. Suddenly, dazzling lights blaze as countless jackrabbits start cheering. A bell rings, a gate swings open releasing a whirlwind of dust with patches of fur, long ears, and...antlers?

Surely this can't be real—you reason—jackalopes are only a cowboy practical joke. Yet, there you are, smack dab in the middle of a genuine JACKALOPE RODEO. Hold on for your hat, pardner; you're in for a wild ride of mythic proportions!

Element 11 Loves Volunteers!

E11 is produced 100% by volunteers. From all the amazing artwork, to the roads & signs, to the Rangers and medical crew fixin' our scuffed knees, to the cooking, cleaning, MOOP sweeping, fluffing and record keeping, to the building, digging, hammering and sweating to create this great city. Look out for people working, wearing laminates or tshirts, and give them a high-five or a (consensual) hug and thank them. If yer volunteering, stop by the Lounge at EPW for hot coffee or a snack anytime. Breakfast and dinner will be served daily for volunteers. Bring your meal pogs and a cup.

Who to Call in an Emergency

E11 has several groups of amazing volunteers who help keep us safe or put us back together when serious problems happen. E11's medical team is made up of professionals who volunteer their time and skills, ready to respond when medical attention is needed, either for minor cuts and scrapes or emergency prehospital care for traumatic injuries. If you have an ***emergency***, you can reach Medical at (385) 226-5597.

Consent

The E11 Community values safety and wellbeing just as much as the fun! If you need support you can find it with the Rangers, Medical, or at Sanctuary. Consent is enthusiastic, out loud, and freely given! No means no. It needs no further explanation, but if you'd like to learn more, stop by the Consentasaurus to learn how to make consent playful and fun as well as being thorough. Remember *crickets* are not consent. Always ask before hugging, misting, spraying, photographing or offering any other service or friendly introduction to another person.

10 Principles Scavenger Hunt!

Join in on the fun and if you get all 10 stickers you win a prize! When you are finished bring it to the info booth in Center Camp to claim your reward!

Clues

Your hair's a mess, you lost your dress where do you go when your costumes in distress? They love to lend the community a hand and dress you up for this rodeo land.

With Faygo in hand you search the land, trying to find the Hatchet Man. Tutu's, cool hair or everyday wear.... This radical expression of yours is grand.

Not all presents come in a box, and with us sharing is never lost. Our gift comes with a giant grin, a moving mouth you can get in.

Bags are stocked with what you need, to survive the high noon heat. You're radically prepared for the sun, Now come get a snow cone and have some fun!

The desert sands couldn't stop this ship; get ready for action with your hand on your hip. A sense of adventure will go a long way, when you find these grounds of play.

You packed it in and there's no doubt, what will happen when you pack out. Solar saucers can't land in this place, unless you promise to leave no trace.

Join the fun! Have a taste! Don't let this time go to waste! Find our friends, they'll give you a treat, in the form of processed meat.

Where you started is where you'll end, we welcome you and all your friends. Come back to be greeted to finish this game where embracing you is the name!

Without this, you're sure to get burned, but responsibility is a lesson learned. We take care of each other, we are a tribe. Now go to where the fire shows vibe.

Jackalope Rodeo, an experience that's priceless, that doesn't mean that you have to be viceless. Wander to that old Saloon, and drink whiskey fingers under the moon.

Uncontrolled fire that threatens camps or the event itself is a VERY real and present danger at Stargazer. The nearest fire station is 1.5 hours away. In order to protect life and property at E11, Please observe the following fire rules:

Keeps fires low. Ensure sparks/embers are not flying off; put fires out in case of high winds. Burn barrel or campfire containers must have a screen and must have a 20ft area cleared around it of vegetation, structures, vehicles, tents, etc.

NO open/ground/camp fires. All fire bust be contained/elevated.

NO unscheduled burns. All structures or installations must be pre-approved.

NO unattended fires. Someone must be present at all times when a fire is burning. A shovel, water pail, or other means of firefighting must be present.

NO fireworks regardless of the type/size; they are illegal and the potential to ignite a wildfire with them is stupid high!

NO crossing burn perimeters. Crossing a perimeter during a scheduled burn will get you evicted from the event. Especially if Rangers (the sandmen) have to intervene.
