

## 2021 Element 11 Covid Event Policy

While Element 11 does not want to stifle creativity and community interactions, we do want to provide all participants with the best possible experience.

In order to honor the principle of Civic Responsibility and hold the safest event possible, Element 11 has implemented the following policy:

1. Entry into the event requires one of the following conditions:
  - a. Proof of negative covid test dated no more than 48hrs prior to your arrival on playa.
  - b. Proof of the second vaccine dose completed no sooner than 14 days prior to the event.
2. All participants will need to complete a screening questionnaire before entry.
3. Subject to temperature checks at the gate
4. The CDC recommends masks in large gatherings especially for those that are not vaccinated. The best safety practice is to still mask up when you are in close proximity to a number of people. At Element 11, this includes all communal areas such as Center Camp, Volunteer Lounge, Ranger HQ, Medical and Sanctuary. This will also include any area where a sign states a mask is required.

This policy is in place while under the “Moderate” stage of the pandemic. Updates and changes may occur based on new information and stage changes.

### **Additional information:**

There will be sanitizer stations throughout the city and will be required at all interactive art installations.

Wristbands will be available to those that wish to keep others aware of your need for social distancing.

Refund of ticket price if prior to the event you are unable to attend due to contracting symptoms or being exposed to Covid where you may have been infected.

*While attending events held or sponsored by the Element 11, (“E11”) state mandated guidelines concerning Covid-19 should be adhered to (masks/social distancing). Because COVID-19 is extremely contagious and is spread mainly from person-to-person contact, E11 has put in place preventative measures to reduce the spread of COVID-19. However, E11 cannot guarantee that its participants and volunteers in attendance will not become infected with COVID-19 including those with a negative test result or vaccination.*

*By participating in the Element 11 event, said participants assume the risk of a potential Covid-19 infection resulting from that participation. Neither the Element 11 organization, nor any person or organization affiliated with the Element 11 organization or Stargazer Ranch, is liable for the consequences of such an infection.*
